Higher education lecturer
Journalist
Market researcher
Secondary school teacher

Tackling climate change has led to there being new 'green' jobs. Between 2020 and 2022 there was a 20% increase in the number of green jobs in the UK

In some of these jobs you work Monday to Friday, 9am-5pm, in others you may work nights and weekends

Some jobs related to geography involve working outdoors in all kinds of weather

You need to have good maths, problem-solving and computer skills, for some of these jobs

Remember: It is important to study a broad and balanced range of subjects. Look at <https://nationalcareers.service.gov.uk/explore-careers> for more information about different jobs.
