Practical jobs where science is useful

Beauty therapist
Electrician
Fingerprint officer
Plumber
Scenes of crime officer
Sterile services technician
Water treatment worker

Teaching

Further education teacher
Higher education lecturer
Primary school teacher
Secondary school teacher

Science is useful
for many of the
jobs related to
conservation and
climate change

In some of these
jobs you work
Monday to Friday,
9am-5pm, in
others you work
shifts, which
include evenings
and weekends

Scientific
knowledge and
skills are needed
for a very wide
range of jobs
- you could be
working on an oil
rig, in a hospital
or in a classroom!

Problem-solving
and maths skills
are useful for
many science-
related jobs

Remember: It is important to study a broad and balanced range of subjects. Look at <https://nationalcareers.service.gov.uk/explore-careers> for more information about different jobs.
